

The 44th House Inauguration Ceremony

By Nicole Huang

The 44th House Inauguration Ceremony was held solemnly and successfully on 30th September 2022. It was one of the most important ceremonies of our school since a brand new group of students were officially introduced to all students and started another adventurous yet meaningful journey with new leads. Following the lead of the house captain from each of the four houses, Red, Yellow, Green and Blue, the latest house committee members went on stage one by one and pledged their full dedication to our school. Afterwards, the House flags were waved in the air vigorously with immense pride and honor. Not only did this symbolise the enthusiasm and courage of these new leaders in participating in all school functions and creating a better atmosphere among their own house members, but also the wonderful year with flying colours. The school hall resounded with cheers and applause.

The establishment of four houses, Red, Yellow, Blue and Green, aims at building and strengthening the bonds between students from different forms. Being a member of a house at school, Form 1 students, our newcomers, may learn about our school and adapt easier with the care and support from their seniors. Moreover, they may learn the spirit of mutual help, friendship and unity through different school and inter-house activities such as Athletic Meet and Inter-house Academic Challenge every year. The wins and great effort spent on cheerleading and playing even boost the sense of belonging in each and every student to the max.

May these brave and intelligent new leaders, with much gratitude and hope from our school and students, develop their leadership skills and shine as talented individuals in their positions this year.

New House committees were invited to the stage one by one under applause.

Principal Dr. Ng encouraged our new leaders to do their best to serve fellow students this year. Meanwhile, the house committees of the previous year gathered near the stage and gave a big round of applause as encouragement.

The first ever for these new House captains taking up the responsibility to wave the House flags in the air.

Principal Dr. Ng, teachers and students gathered at the stage for a photo and the spirit and legend of each house was officially passed on.

In the end, all teachers and students of the four houses joined on the stage to put an end to the ceremony.

Four Houses

Red House

Teacher Advisor:

Ms. KWAN Wing Nam

House Captain:

YU Wing Sze, 5A

Vice House Captain:

LEE Cheuk Ting, 5B

Committee member:

FUNG Shun Nam, 3A
