

Information Day 2022: A Stroll Through The Campus With Laughters And Widened Eyes

By Chloe Liu 2B

On 26th November 2022, a wonderful Saturday, the school entrance was lined up with a group of girls in uniforms of vivid blue and beautiful braids with ribbons, and the rooms were all lit up. It was our annual Information Day, one of the biggest annual events! A precious opportunity came up for True Lighters to shine themselves confidently and wholeheartedly. True Lighters, all in great excitement, just could not wait to start it. Along the hallway, all the visitors were greeted and led to the School Hall by our True Light Ambassadors and Prefects cordially. At the Hall were our Principal, Dr. Ng, and talented fellows who were ready to heat up the stage with rousing performances. The meaningful speech given by our Principal, Dr. Ng gave a wonderful kick-off to the Information Day.

Principal, Dr. Ng showed a warm welcome and introduced the background philosophy, goals and facilities of our school.

True Light Ambassadors from senior forms showed great patience and led the new blood to greet and guide our visitors.

Form 1 True Light Ambassadors mustered their courage and stepped out of their comfort zone to serve visitors for the first time!

Primary school teachers and parents showed great interest in learning more about our school.

After the brief introduction, we were grateful to have alumni, Lam Ka Yin, sharing her school life and how she made it to one of the most popular faculties in universities, as well as giving sincere advice on developing talents and useful study habits. Furthermore, current students from both junior and senior forms were also invited to share some of their remarkable learning experiences at school. Moreover, two members of Parents and Teachers Association (PTA), contributing in making our school a better place for learning and growing, offered to share their perspectives and experiences.

Representatives of the PTA shared their thoughts and contributions, and the great improvements made by the school in recent years on the stage. Alumni, Lam Ka Yin, returned to school to share her experiences studying in City University.

Students shared their greatest activity, Jurassic Garage, with a colourful PowerPoint made by themselves!

Teachers, Mr. Hedley and Ms. Li, shared about different English activities at school.

Students with outstanding performances in different areas were given a chance to share their experiences.

Following the enlightening sharings were the spectacular performances from our School Choir and School Orchestra Team.

The members of the School Choir beautifully performed the song “How Can I Keep From Singing?”.

Visitors in groups accompanied by our True Light Ambassadors had a fruitful stroll visiting venues with different themes and activities wonderfully prepared by teachers and students. Let’s have a brief recap of some of the most popular activities in different venues below:

Traditional Chinese Printing and Calligraphy

Min-lesson on using ARGEO AR Sandbox

Workshop on observing cells under microscope

Go fish

Cooking workshop in the Home Economics Club

Chinese Dance performance Pipa performance in the School Theater

Students from the School Fencing Team and School Archery Team proudly demonstrated in the covered playground and the archery training area respectively. Students from other primary schools enjoyed a lot while trying out the two sports.

This was the first time for me to demonstrate the fencing skills I have learnt from September in front of school visitors! I was a little nervous, and I sweated a lot. However, I was grateful and honoured to be asked to represent the School Fencing Team.

Sambella Lam, 1B

I was here to prepare and join Info Day as a helper in English Corner. I was shocked when I knew that I had to guide the little girls and interact with others with just English, but I managed it and ran my booth smoothly. This experience really helped me gain much confidence in speaking English.
