

Information Day 2021

By Kate Lau 1D and Sophia Alexandra Bonde 2A

On 27th November 2021, teachers and students assigned to different subject groups proudly presented different school activities, performances and facilities to our honorable guests, teachers, parents and students from primary schools. Walking into our school, you would meet our passionate True Light Ambassadors and Prefects giving their most gratifying welcoming and guidance at the entrance. Before taking a stroll around the school, all visitors were invited to our school hall.

The Information Day officially started with a speech made by the Principal, Dr. Ng. To offer insights into the aims, objectives and facilities of our school, we were honored to have three alumni and two members of Parents and Teachers Association sharing their learning experiences, school lives, and their thoughts about our college.

Following the meaningful sharing were the impressive performances from our School Choir and Choral Speaking Team and Juggling team.

Divided into groups, visitors, accompanied by our True Light Ambassadors who introduced every corner in detail and shared their thoughts, explored from classrooms with different subjects and activities as their themes, the school library, the Performance Theater, to the True Light Hall. where min-lessons and interactive learning activities were arranged.

Chemistry in our school laboratory

Physics in our school laboratory

English Corner

Cooking workshop in the Home Economics Club

Chinese dance performance in the School Theater

Students from the School Fencing Team and school Archery Team proudly demonstrated in the covered playground and the archery training area. Students from other primary schools were invited to try out the two sports.

Last but not least, many visitors took photos with the creative props prepared by our students before the end of the day.

It was really fun to be a helper! I was responsible for comic strips in the English Corner. The students from primary schools were able to create their own dialogues in the comics given our guidance.

Lisabella Lao 1B

I was a True Light Ambassador. Although I am still new to the school, I have learnt a lot more about the school through and this role. I felt proud when introducing different school facilities and singing as in choir.
