

Hong Kong True Light College Prefect Inauguration Ceremony

The Prefect Inauguration Ceremony of Hong Kong True Light College was held on 16th October, 2015. This was an occasion to honor the prefects who had worked very hard to maintain the school discipline during the previous school year and welcome the members who were going to join the team.

Purple badges were presented to the 'old' prefects as an accolade of being responsible and dedicated. The new prefects were then introduced and all of them made a vow in front of the whole school. They promised that they would devote their efforts to keep the order of our school and serve all the schoolmates selflessly and fairly.

The highlight of the whole ceremony was the speech delivered by our honorable guest, Mr. Ng Ngai Man Raymond. Mr Ng is a lawyer who specializes in civil litigation and personal injury cases. He talked about the relationship between laws and society. He emphasized the importance of laws as a keystone of our society and community, and hence we, as students, should always respect and follow our school rules as well.

After the inauguration ceremony, the prefects started their duties immediately to shoulder the responsibilities of maintaining the order of the school. We look forward to them making us all proud of HKTLC!
